

New Tool Introduction

We are announcing the arrival of our newest tool to the Apach offering.

The new PT-635 Headless Pinner is replacing the popular PN-630. The PT-635 is perfect for finish and trim work, window beading, furniture and picture frame assembly.

The PT-635 is equipped with an extended trigger for rapid applications and has a patented adjustment-free side loading magazine. The tool accepts 1/2" - 1-3/8" headless and mini pins. Try one Today!
